1999 - Dorchester

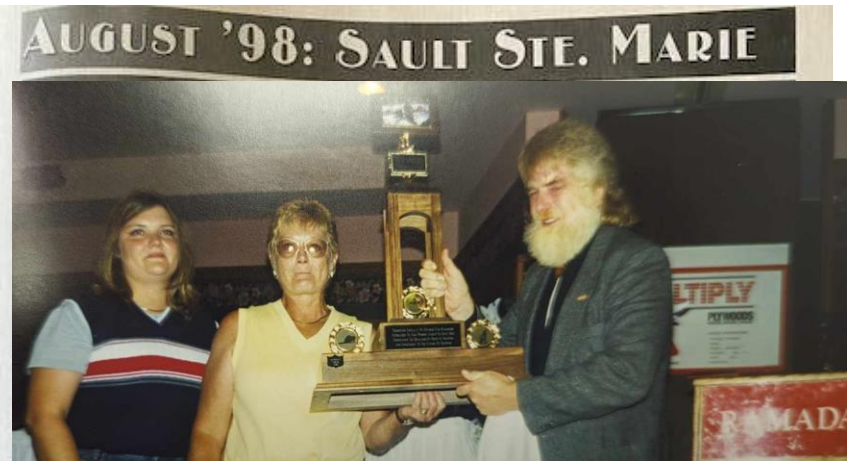

Our thanks go to Peter K. Dale and all the helpers he had from the Southern Region to put on a great Convention/Rendezvous held in Dorchester in August; and to all the trappers and friends and families that attended to make it the success it was.

One of the highlights we enjoyed was Thomas Pigeon from COHA as guest speaker on the Saturday night. He expressed how all the user groups can work together to get our message across to the politicians and public and to raise the profile of the word trapper, and the men and ladies of our industry can be proud to be trappers once again.

We just had another great Convention and Rendezvous in Renfrew, with lots of displays and attractions for everyone. A big hand to the committee and all who helped out. Also, a thank you to Mark Downey for doing the live auction again during the Saturday night events.
